CHICAGO, Feb. 16, 1916.

Hon. Charles E. Fuller:-

Believing that by House bill 8668, introduced into the House of Representatives January 11, 1916, by Mr. Kent, which proposes to consolidate all the national parks under one management, the administration of the national parks and monuments will be improved, their attractions will be more quickly made accessible, and the properties be better protected.

Therefore be it resolved by The Prairie Club of Chicago, that it heartily approves of said bill, and earnestly desires its passage by the Congress and its approval by the President.

That our representatives and senators are requested to vote for said bill and to do all in their power to secure its passage, and

That the secretary of the Club is hereby instructed to send a copy of these resolutions to each senator and representative from Illinois.

Yours very truly,

*Clara Fahrenbach*

Secretary.
